

## ELEMENTARY LEARNING LAB TEACHER

**Position Title:** Elementary Learning Lab Teacher (grades 3<sup>rd</sup> and 4<sup>th</sup>)

**Department:** SOAR

**Reports To:** Tricia Smith, SOAR Director

### **Overview:**

Position requires individual to assist students in a small classroom environment in order to provide the recommended accommodations for a successful learning experience. Individual classes in reading, spelling, language, and math are available beginning in 3rd grade.

### **Required Education:**

- Undergraduate Degree in Education
- Prefer special education experience but not necessary

### **Required Skills:**

- **Organization**  
The teacher, as well as the classroom, must be organized. An organized learning atmosphere encourages students to learn more and emboldens their spirit.
- **Creativity**  
Teachers must develop creative learning styles to cater to the needs of their different students who have their own method of learning.
- **Highly intuitive**  
Teachers must be intuitive enough to understand their student's behavior.
- **Calming nature**  
Teachers must themselves remain calm and maintain a calm atmosphere to help out the students who are intimidated by the stress of the classroom.
- **Detail-oriented**  
The teachers must have an eye for details. This will help to understand the behavior of the students better and help them develop fast.
- **Adaptability**  
Teachers must be flexible enough to adapt to the changing behavior of the students and thus keep their style of teaching updated.
- **True love of children!**  
Teachers must genuinely love their job of imparting wisdom to students and only then will they be able to bring out the best in them which would help them to succeed.
